

2011 Saskatchewan Big Game Draw and Spring Hunting Guide

**The 2011 Hunters' &
Trappers' Guide
will be available
August 1st.**

The ministry is pleased to introduce the 2011 Big Game Draw and Spring Hunting Guide. This spring guide includes information and instructions for the Big Game Draw. It also contains season dates, licence fees and bag limit information for the spring snow goose and bear seasons.

The ministry has introduced the format of a spring and fall guide in order to better manage Saskatchewan's wildlife. This format allows the ministry's wildlife managers to adjust draw quotas, revise antlerless seasons and bag limits in early spring taking into account the impact of the previous winter. The fall 2011 Hunters' and Trappers' guide will be published and available by August 1, 2011.

The 2010/11 winter has been a difficult one for Saskatchewan wildlife due to significant snow depths, cold temperatures and a delayed spring. Winter mortality levels are higher than normal in many areas, with white-tailed deer, pronghorn antelope and mule deer being most affected.

Hunting seasons follow fixed dates and therefore hunters can refer to the 2010 Guide (online) for season dates and hunting regulations when planning their 2011 hunting.

New for 2011

Pronghorn Antelope Season

Pronghorn antelope experienced very high levels of winter mortality across much of their range. Therefore as a conservation measure the ministry will be closing the season for 2011 and will reduce the draw quotas to zero.

Canadian Armed Forces Members

Saskatchewan is pleased to recognize the contribution that our Canadian Armed Forces make to our country by granting qualified Armed Forces personnel residency status under the Wildlife Regulations. This will allow regular members of the Canadian Armed Forces, who were Saskatchewan residents at the time of their recruitment or deployment from the province, to have full Saskatchewan residency benefits for hunting purposes.

Moose and Elk

Zones 2, 9, 10, 41 and Saskatoon Wildlife Management Zone are open for moose for the first time. New zones open for antlerless elk include 21 and 52. All licences will be allocated through the Big Game Draw. In many zones, both either-sex and antlerless seasons will be offered.

2011 Big Game Draw - Saskatchewan Residents

Following a successful transition process in 2010, this year's Big Game Draw will be a totally online process. The ministry would like to thank hunters for their co-operation in this initiative.

How to Apply

Visit the Ministry of Environment's website: www.environment.gov.sk.ca. At the right of the screen under "Services For", select "Hunters" and then select "Big Game Draw". Review the information on open zones and tentative quotas as well as proper zone designations, which are also listed in this guide. Hunters can access their pool status for each species, as well as their draw history and other statistical information at this site.

Follow the instructions and complete the application. Before submitting be sure to check your online application carefully. It is the responsibility of the hunter to ensure that all information, in particular zone selection, is correct. We suggest that you print a copy of your application and retain that copy for your records. **Deadline for applications is midnight on May 31, 2011.**

If you require assistance in completing your online application, please call (306) 798-4000. Changes to Big Game Draw applications will not be made after June 1, 2011.

Who is Eligible

Only Saskatchewan residents can apply for the Saskatchewan Big Game Draw. A Saskatchewan resident is defined as:

- a Canadian resident whose principal residence is in Saskatchewan and has been living in the province for three months prior to applying for a licence
- a member of the regular force of the Canadian Armed Forces or RCMP who is stationed and residing in the province
- a member of the regular force of the Canadian Armed Forces who was a Saskatchewan resident when recruited or deployed from the province (new for 2011).

Applicants must be 12 years of age or older on or before May 31, 2011 to apply for a licence. All applicants born after January 1, 1971 must graduate from a Firearm Safety/Hunter Education course before applying.

Persons whose hunting rights are restricted for either a conviction under The Wildlife Act or a firearm accident as of May 31, 2011 are not eligible to apply for a licence.

Licence Fees

Applicants to the Big Game Draw must use a credit card. Pre-paid credit cards, which are available at banks, post offices and many retail outlets are acceptable.

Hunters are required to pay a non-refundable Big Game Draw application fee of \$4.00 per online application. The \$4.00 fee will be charged to the specified Visa or MasterCard immediately upon receipt of the application.

Charges for licence fees will be posted against your credit card once the draw is completed in June.

If the credit card you used for payment expires prior to August 1, 2011, please call (306) 798-4000 to advise the ministry of the new expiry date. Credit card transactions that are unauthorized due to insufficient funds will result in your licence being held until payment is received.

Youth Draw

Hunters 12 to 15 years of age can apply for the youth draw for antlerless mule deer by selecting "Youth Draw" in the species box. This process provides a greater opportunity for our young hunters to be selected. A youth may apply for both "Antlerless Mule Deer" and the "Youth Draw" through the Big Game Draw using separate applications. The antlerless mule deer draw is completed first; if the youth is successful for antlerless mule deer, his/her "Youth Draw" application will be removed.

Application Information

Hunters cannot apply more than once for a single species. Mule deer and antlerless mule deer are considered separate species for the purpose of the Big Game Draw only.

There will not be a draw for either-sex mule deer licences in zone 9 - this will be an earn-a-buck zone. If you wish to hunt either-sex mule deer in zone 9 this fall, you must obtain an antlerless mule deer licence for that zone in the 2011 Big Game Draw, harvest two antlerless mule deer in that zone and submit the heads for CWD testing. You will then be eligible to purchase an either-sex mule deer licence for that same zone. Remember, if you have been drawn for either-sex mule deer in the Big Game Draw or purchased an over the counter Archery Mule Deer Licence you cannot hold an earn-a-buck mule deer licence.

Zone designations with an "A" following the zone number are for antlerless moose or antlerless elk, example 48A.

Applications will be entered into the lowest priority pool of any person on the application.

If you wish to advance your "A" pool to "Super A" or maintain your "Super A" status but do not want to be drawn for a particular species, select "99" as your one and only choice in the zone selection space on the draw application form.

All successful applicants must buy a 2011 Saskatchewan Wildlife Habitat Certificate to validate their licence. You can purchase it separately from a licence vendor in the province.

If you require further draw information visit the Ministry of Environment website or contact:

DRAW MOOSE (Saskatchewan Residents Only)			
Zones 2, 4 to 6, 9, 10, 12, 13, 14, 24, 25 to 28, 34, 37, 40, 42, 44 to 49, 53, 54, 56 to 67, 68S and Narrow Hills, Wildcat Hill and Clarence-Steepbank Lakes provincial parks, Round Lake and Bronson Forest recreation sites Combined Zones 6 and that portion of Zone 7 located east of Highway No. 271 and Grid Road No. 615 (Designate Zone 6) Zone 23 including that portion of Douglas Provincial Park located west of Diefenbaker Lake (Gordon McKenzie Arm) (Designate Zone 23) Zone 33 including Moose Mountain Provincial Park (Designate Zone 33) Zone 37 not including Duck Mountain Provincial Park and not including that portion of Zone 37 east of Highway No. 8 and north of Highway No. 5 (Designate Zone 37) Zone 41 (Designate Zone 41) Combined Zones 43, 50 and Fort a la Corne Wildlife Management Unit (Designate Zone FLC) Duck Mountain Provincial Park and that portion of Zone 37 east of Highway No. 8 and north of Highway No. 5 (Designate Zone DM) Greenwater Lake Provincial Park (Designate Zone GP)	Archery and Muzzleloader and Rifle Oct. 1 - Oct. 14 and Nov. 1 - Nov. 14	one moose, either-sex	- Moose requires only one draw application. When applying for moose, select antlerless or either-sex moose by using appropriate zones. If an applicant submits separate applications for antlerless moose and either-sex moose, both applications will be rejected. - Applicants using zone designations other than those specified in this guide will be rejected from the Big Game Draw. - Tentative 2011 licence quotas for either-sex moose: 2(20), 4(25), 5(10), 6(100), 9(15), 10(15), 12(10), 13(25), 14(25), 20(25), 23(50), 24(50), 25(10), 26(10), 27(25), 28(25), 33(75), 34(40), 37(25), 40(50), 41(25), 42(150), 44(25), 45(30), 46(75), 47(30), 48(250), 49(250), 53(50), 54(50), 56(250), 57(250), 58(75), 59(200), 60(75), 61(75), 62(50), 63(50), 64(50), 65(50), 66(100), 67(100), 68S(50), DM(50), GP(25), FLC(150), SMZ(10). No rifle hunting in Saskatoon Wildlife Management Zone and Regina/Moose Jaw Wildlife Management Zone.
Saskatoon Wildlife Management Zone (Designate Zone SMZ) Regina/Moose Jaw Wildlife Management Zone (Designate Zone 20)	Archery and Muzzleloader and Shotgun Oct. 1 - Oct. 14 and Nov. 1 - Nov. 14	one moose, either-sex	
Zone 1 (Designate Zone 1A) Zone 4 (Designate Zone 4A) Zone 6 Combined Zones 6 and that portion of Zone 7 located east of Highway No. 271 and Grid Road No. 615 (Designate Zone 6A) Zone 15 (Designate Zone 15A) Zone 16 (Designate Zone 16A) Zone 17 (Designate Zone 17A) Zone 18 (Designate Zone 18A) Zone 19 (Designate Zone 19A) Zone 21 (Designate Zone 21A) Zone 22 (Designate Zone 22A) Zone 23 including that portion of Douglas Provincial Park located west of Diefenbaker Lake (Gordon McKenzie Arm) (Designate Zone 23A) Zone 24 (Designate Zone 24A) Zone 25 (Designate Zone 25A) Zone 26 (Designate Zone 26A) Zone 29 (Designate Zone 29A) Zone 30 (Designate Zone 30A) Zone 31 (Designate Zone 31A) Zone 32 (Designate Zone 32A) Zone 33 including Moose Mountain Provincial Park (Designate Zone 33A) Zone 34 (Designate Zone 34A) Zone 35 (Designate Zone 35A) Zone 36 (Designate Zone 36A) Zone 37 not including Duck Mountain Provincial Park and not including that portion of Zone 37 east of Highway No. 8 and north of Highway No. 5 (Designate Zone 37A) Zone 38 (Designate Zone 38A) Zone 39 (Designate Zone 39A) Zone 41 (Designate Zone 41A) Zone 44 (Designate Zone 44A) Zone 45 (Designate Zone 45A) Zone 46 (Designate Zone 46A) Zone 47 (Designate Zone 47A)	Archery and Muzzleloader and Rifle Oct. 15 - Nov. 14	one antlerless moose	
Saskatoon Wildlife Management Zone (Designate Zone SMA) Regina/Moose Jaw Wildlife Management Zone (Designate Zone 20A)	Archery, Muzzleloader and Shotgun Oct. 15 - Nov. 14	one antlerless moose	
BLACK BEAR - ALL HUNTERS			
Zones 30, 34 to 40 and 42 to 76	Archery, Muzzleloader, Shotgun and Rifle Apr. 15 - June 30 and Aug. 25 - Oct. 14	one black bear, either-sex	Non-residents of Canada must use the services of a licensed outfitter while hunting bears. - No colour dress requirements for archery, muzzleloader and shotgun hunters. - No hunting of female bears with young of the year cubs at heel.
Duck Mountain, Greenwater Lake, Lac La Ronge, Clarence-Steepbank Lakes, Narrow Hills and Meadow Lake provincial parks, Bronson Forest and Round Lake recreation sites	Archery, Muzzleloader, Shotgun and Rifle Apr. 15 - May 31 and Sept. 10 - Oct. 14	one black bear, either-sex	
Wildcat Hill, Clearwater River and Athabasca Sand Dunes provincial parks and Fort a la Corne Wildlife Management Unit	Archery, Muzzleloader, Shotgun and Rifle Apr. 15 - June 30 and Sept. 10 - Oct. 14	one black bear, either-sex	
SPRING SNOW GOOSE - ALL HUNTERS			
North and South Game Bird Districts Hunters are not required to have a provincial game bird licence or habitat certificate for this hunt. Hunters are required to have in their possession while hunting snow geese, a 2010 Federal Migratory Game Bird Permit and stamp. Snow geese may be hunted all day during the spring season.	West of 106 degrees longitude: Apr. 1 - Apr. 30 East of 106 degrees longitude: Apr. 1 - May 31		Snow geese includes both white and blue phase snow geese: 20 daily. Possession: 60 No hunting of Ross' geese.
The use of non-toxic shot is required for hunting migratory game birds in Canada. Non-toxic shot includes steel, bismuth, tin and tungsten-iron/matrix/nickel-iron/polymer combinations. Lead shot can still be used for all upland game birds except in national wildlife areas.			

2011 Earn-a-Buck Program

In 2010, the earn-a-buck program was implemented in zones 45 and 9. Zone 45 has achieved the target sample goal of 600 and will return to the regular Big Game Draw quota system. In 2011, the earn-a-buck program will only be implemented in zone 9. Interested hunters must apply and be successful for the antlerless mule deer draw in zone 9, then upon the harvest and submission of two antlerless deer samples the hunter will qualify for an either-sex licence for zone 9.

Wildlife Management Zones Open	Season Dates	Bag Limit	
EARN-A-BUCK MULE DEER (Saskatchewan Residents Only)			
Zone 9	Archery Sept. 1 - Oct. 31 Muzzleloader Oct. 1 - Oct. 31 Rifle Nov. 1 - Nov. 14	one mule deer, either-sex	- Only hunters who have an antlerless mule deer licence for Zone 9 and turn in two heads for CWD testing qualify for an earn-a-buck licence. - The either-sex earn-a-buck licence must be for the same zone as the hunter's antlerless licence. - Hunters who hold a draw either-sex mule deer licence or an Archery Mule Deer Licence cannot purchase an earn-a-buck either-sex mule deer licence.

Canadian Resident White-tailed Deer Draw

In 2011, Canadian resident hunters are required to apply online for their white-tailed deer licence. Canadian resident white-tailed deer licences will NOT be available at licence vendors.

Hunters must complete an online application form and select one wildlife management zone of their choice from a list of available zones. There will be no priority pool system or limited quotas for 2011. Hunters will be required to restrict their deer hunting activities to their selected zone. So choose carefully!

Who is eligible?

Only Canadian residents can apply for the Canadian resident white-tailed deer draw. A Canadian resident is defined as:

- a person whose principle residence is in Canada and is a Canadian citizen or has resided in Canada for 12 months immediately before his/her application for a licence.

Applicants must be 12 years of age or older on or before May 31, 2011 to apply for a licence.

All applicants born after January 1, 1971 must graduate from a Firearm Safety/Hunter Education course before applying.

Persons whose Saskatchewan hunting rights are restricted for either a conviction under [The Wildlife Act](#) or a firearm accident as of May 31, 2011 are not eligible to apply for a licence.

Important Canadian White-tailed Deer Draw Information

Canadian Resident White-tailed Deer Draw applicants will be charged \$137.38 per applicant plus a \$4.00 Big Game Draw application fee at the time of application.

Licences will be mailed to all successful applicants, however they must buy a 2011 Saskatchewan Wildlife Habitat Certificate to validate their licence. You must purchase it separately from a licence vendor in the province, or by phone at 306-787-2847, or over the internet at www.environment.gov.sk.ca/licences/

If you require further draw information visit the Ministry of Environment website at: www.environment.gov.sk.ca/hunting or contact or call 306-798-4000.

Wildlife Management Zones Open	Season Dates	Bag Limit	
DRAW WHITE-TAILED DEER - Canadian Residents			Quotas Subject to Change
Zones 1 to 19, 21 to 47, 51, 52, Last Mountain Lake National Wildlife Area, Duck Mountain, Cypress Hills (West Block) and Moose Mountain provincial parks and that portion of Douglas Provincial Park located west of Diefenbaker Lake (Gordon McKenzie Arm)	Rifle Nov. 25 - Nov. 30	one white-tailed deer, either-sex	- Rifle hunting is not permitted in Regina/Moose Jaw and Saskatoon wildlife management zones. Shotguns may not be used during the muzzleloader season. - Fort a la Corne Wildlife Management Unit is closed to Canadian residents until November 25. - In provincial parks and recreation sites, white-tailed deer hunting is prohibited until September 10. - Archery and crossbow hunting only in Buckland-Prince Albert Wildlife Management Zone
Regina/Moose Jaw, Saskatoon and Buckland-Prince Albert wildlife management zones	Archery and Crossbows Sept. 1 - Nov. 30 Muzzleloader Oct. 1 - Nov. 30 Shotgun Nov. 25 - Nov. 30	one white-tailed deer, either-sex	
Zones 48, 49, 50, including Fort a la Corne Wildlife Management Unit, 53-55	Archery Sept. 1 - Oct. 31 Muzzleloader Oct. 1 - Oct. 31 Rifle Nov. 25 - Nov. 30	one white-tailed deer, either-sex	
Zones 56 to 69, Greenwater Lake, Meadow Lake, Narrow Hills, Wildcat Hill and Clarence-Steepbank Lakes provincial parks, Round Lake and Bronson Forest recreation sites	Archery and Muzzleloader Sept. 1 - Oct. 31 Rifle Nov. 1 - Nov. 30	one white-tailed deer, either-sex	
Zones 70 to 73, Lac La Ronge Provincial Park and that portion of Clearwater River Provincial Park located south of 57 degrees north latitude	Archery, Muzzleloader and Rifle Sept. 1 - Nov. 30	one white-tailed deer, either-sex	

Chronic Wasting Disease Surveillance Program - 2011

The goal of the Chronic Wasting Disease (CWD) Surveillance program is to monitor CWD distribution and prevalence to better understand the disease status and progression in the provincial deer herd. This is not a herd reduction or eradication program.

To provide accurate estimates of CWD distribution and prevalence, the ministry needs to test 600 head samples over a three-year period in a specific zone. Currently, we are using the earn-a-buck program as an effective tool to collect head samples for testing. However, as a commitment to our hunting public, we are exploring an alternative sample collection method through the use of mobile testing stations.

The ministry, with co-operation from the Canadian Cooperative Wildlife Health Centre, will be setting up mobile stations in the Hudson Bay, Preeceville, Yorkton and Swift Current areas this fall. Details relating to the location and timing of the mobile sampling stations will be advertised in the fall. The goal of the mobile sampling stations is to increase the submission of samples from regular season hunters by making the process more convenient. The regular harvest of deer is sufficient in many wildlife management zones to reach our sampling goals in one or two seasons. We strongly encourage hunters from these areas to do their part in the responsible management of our provincial deer herd by dropping off head samples.

Report hunting violations

Protect our province's resources - report any violations to the TIP line or contact your nearest Conservation Officer. Every call is investigated.
